

Autumn is a tiny, 7 lb, 2 year old Doxie/Chihuahua blend who needs to find a loving home. Her life has not been great up until now. She was dumped in a high kill shelter when her family decided they did not want a pregnant dog in their lives. They did not care what happened to her or her babies. Autumn was scared and pregnant and had to give birth in the shelter, not in a loving home!! We quickly got her and her babies out of the shelter and into a foster home. They have been thriving and doing great and Autumn is now ready to go out into the world to find her own home. Autumn is a sweet and loving mom and loves people. She is a bit shy, but warms up quickly and quickly finds a way into your heart. Autumn is teeny tiny and would be a great companion pupper. She loves to explore and go on outings - she also likes to just sit around and enjoy time with just her humans. Autumn is the most loving little girl ever, she promises to bring all her love and excitement to her new home. If you would like to meet Autumn please fill out an application at

[www.lowridersofthewest.org](http://www.lowridersofthewest.org)

Autumn's adoption fee is \$325.00 - she has a spay appointment, up to date on all her vaccinations and is chipped.
