

Brie is an approx 1 y/o Corgi/Chi/terrier cocktail. She entered a TX shelter with a partially detached tail. The shelter fixed her up and is sending her to Low Riders Rescue to find her forever home. She's all mended and ready for adoption or rescue relocation. Brie loves her groceries so would like an active family with a fenced in backyard to make sure she keeps her girlish figure. She is very loving; dog and kid friendly. If interested in meeting Brie, please complete our application at

www.lowridersofthewest.org

Brie's adoption fee is \$350.00 - She will be spayed, chipped and up to date on all her vaccinations. We require the application, home and reference check and meet and greet with current pets and/or children in the home.
