

This super little cute dude is Gulliver, he is a sweet little 1 year old and about 12 lbs. He was picked up off the streets of Texas and taken to the shelter. No one wanted to adopt him and his time was up!! The shelter workers could not stand to see him euthanized and reached out to us to help him. Gulliver is the sweetest little guy ever. He has not had a great start in life, we think he was in a home and was either “lost” or dumped on the streets. Gulliver is a friendly little dude and loves everyone he meets. He is not a pooch that should be dumped on the streets, he should be loved and given snuggles like all pooches should be. He is such a cool dude and should not be overlooked!!! As of now Gulliver’s calendar is empty, he would love to fill it with a couple of meets. Please don’t let Gulliver down, if you would like to fill his calendar please fill out an application at

www.lowridersofthewest.org

Gulliver’s adoption fee is \$350.00 - he has an appointment to be neutered (Low Riders will have him neutered before he goes to his new home), up to date on all his vaccinations and chipped.
