

Jasper's owner was moving and had too many dogs so couldn't take them all so Jasper was surrendered to Rescue. He's very well behaved for being only 8 months old. He's dog and people friendly and we'll learn more as we get to know him better over the next couple of days. We think Jasper is a long haired Chihuahua with a tinge of Sheltie in there. If interested in meeting Jasper, please complete our application at

www.lowridersofthewest.org

Jasper's adoption fee is \$350. Jasper will be neutered, up to date on vaccs and chipped prior to adoption. We require the application, home and reference check and meet and greet with current pets and/or children in the home.
