

LADYBUG is a tiny female Chihuahua. She weighs about 4 pounds and she is about 2 to 3 years old. She has found herself in the shelter for no reason anyone can see. She is sweet and very affectionate. She loves humans and does well with other dogs. The only thing we can think of why her former owners gave her up is that she is not that great on a leash. But we know she will work at it and with a little patience would make a great walking friend. She is a sweetheart and would make a great companion for any needing a little love and friendship right now. Ladybug is hoping there is a home in Colorado for her to unpack all her snuggles and kisses. If you would like to meet Ladybug please fill out an application at

Ladybug's adoption fee is \$350.00 - She has an appointment to be spayed (Low Riders will have her spayed before she goes to her home), up to date on all her vaccinations and chipped.
