

Natasha is a 40 pound 2 year old, owner surrender/Aussie/Briard or Skye Terrier? blend or maybe even part Pyrenean Shepherd. We're really not sure what she's mixed with but she's long and she's low and she's really cute and sweet. A lovely lady rescued her as she was on her way to 'the room' at an OK shelter. She may even be house trained. If you would like to meet Natasha please complete adoption application at

www.lowridersofthewest.org

Natasha's adoption fee is \$325.00 - She is spayed, vaccinated and chipped.
