

Poppy 2 is a sweet little girl who was rescued from California. She loves all dogs, adores kids, toys are her joy. But, she is pretty scared of men. We believe at some point she was abused by a man. We think she would do best with a family or a single mom with kids. And one with another dog for her to play with. She will need someone that will have patience and give her a week or so to learn that they won't hurt her and love her. She loves to give me kisses. She also loves to sleep on the bed with you. She is not very good on a leash, but her foster is working on it. She is a great little companion, if you would give her a chance. If you would like to meet Poppy please fill out an application at

Poppy's adoption fee is \$325.00 - She is spayed, up to date on all her vaccinations and chipped.
