

Little Tulip is hoping someone is reading this and will open their hearts and their home to her. She is a 10 lb, 3-4 month old Chiweenie who was dumped at a high kill shelter in Texas. The shelter reached out to us and asked us to take her and her sister into rescue. The shelter was full and they were on the list to be EU'd. Little Tulip does not understand what she did wrong to end up on such a list. She is hopping a transport to Colorado and will be ready for adoption on the 11th of May. She is good with other dogs and loves to play. Tulip would make a great family pup!! She would love to find a home where she can finally unpack and settle. If you would like to meet Tulip please fill out an application at

Tulip's adoption fee is \$350.00 - she has had her first two puppy vaccinations and is chipped.
