

Violet (formerly Yin) and her kennel mate (Yang) were extremely frightened in an overcrowded TX shelter. Her kennel mate was shutting down and was slated to be PTS when another Rescue jumped in to save her. Poor Violet was left alone but perked up when a new roomie came along. Unfortunately Violet's time was running out, so Low Riders took her and brought her to CO to find her forever home. Violet is initially a little shy but likes other friendly dogs. She's approx 1-2 y/o and 28#. She'd love to explore CO with her new forever family and will need a secure fenced in yard in her new home. If interested in meeting Violet, please complete an application at

www.lowridersofthewest.org

Violet's adoption fee is \$325.00 - Violet will be spayed, utd on vaccs and chipped prior to adoption.

We require the application first as well as a home and reference check and meet with current pets and/or children in the home. Violet will be spayed, utd on vaccs and chipped prior to adoption.
